RELEVANT EXPERIENCE

- External Consultant, Watauga Housing Council** 2023 – 2024
Project Manager & Geospatial Analyst Remote
 - Managed a multidisciplinary practicum team to develop a planning support tool for affordable and workforce housing site identification in Watauga County, NC.
 - Led client consultations, conducted qualitative research to understand land supply and demand dynamics, and utilized R for data wrangling and spatial modeling.
 - Created a user-friendly GIS web application in JavaScript that shows which parcels will most likely be developed in rural Watauga County, enabling users to filter criteria and access prioritized property lists.
- Miller Legg** 2020 – Present
Landscape Designer II Remote
 - Led various landscape design projects, demonstrating strong project management skills.
 - Conducted in-depth proposal research, resulting in a higher project win rate.
 - Created innovative conceptual designs that met client specifications and exceeded expectations.
 - Developed comprehensive hardscape and planting construction documents and details.
 - Coordinated with regulatory agencies, ensuring project compliance and smooth approval processes.
 - Produced high-quality graphic exhibits and renderings to communicate design concepts effectively.
 - Conducted survey fieldwork to gather essential data for project planning.
- Tres Gatos** 2012 – 2016
Sous Chef Boston, MA
 - Led menu planning and dish development.
 - Managed daily food preparation, optimizing kitchen workflows for faster service and improved quality control.
 - Oversaw budgeting and cost management, developing and monitoring kitchen budgets, implementing cost-saving measures, and maintaining financial records to ensure profitability and adherence to financial targets.
 - Coordinated with suppliers and vendors, negotiated contracts, and established strong relationships to secure high-quality ingredients at competitive prices.
 - Fostered a positive and collaborative team environment, boosting morale and efficiency during high-stress periods.

ADDITIONAL EXPERIENCE

- Florida Museum of Natural History, Specimen Technician**, Gainesville, FL Sep 2016 - 2018
- TLS Landscape Architecture, Landscape Architecture Intern**, Remote June - Aug 2021

SKILLS
